DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters discussed below.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Drawings

2. The drawings correction is required as follows:
- In figs.1 and 5-6, Applicant should label the function of each box. If the box is too small, the legend can be placed outside the box.

Allowable Subject Matter

3. Claims 1-11 allowed. The following is an examiner's statement of reasons for allowance:

For claim 1, none of prior art of record teaches a method for commutating at least one phase of an electric motor, wherein a full cycle of the energizing field is divided into a number of zones and the at least one phase or each phase is commutated in accordance with a control pattern stored depending on these zones with an angular extent of at least two zones being varied for setting the commutation angle which is continuously varied as a function of a rotary frequency of electromagnetic energizing field of the electric motor in combine with the rest of the limitations in claim.

Claims 2-11 are allowed because they depend on claim 1, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
